In Loving Memory of Aminta Burton-Scott
Beloved Wife, Teacher, and Friend

Aminta Burton-Scott, a devoted first-grade teacher from Ocala, Florida, and a proud daughter of Jamaica, passed away peacefully on October 29, 2025. She was a remarkable educator whose love for her students was as boundless as her passion for teaching.

Aminta dedicated her life to shaping young minds with patience, kindness, and joy. Her classroom was a place of laughter, learning, and love — where every child felt seen, valued, and inspired. Her extraordinary commitment to education left an indelible mark on the countless students whose lives she touched.

Beyond her career, Aminta was a woman of great warmth and generosity. She shared her beautiful spirit with everyone she met and will be remembered for her radiant smile, gentle heart, and unwavering faith.

She leaves behind her devoted husband, 2 beloved mothers, 1 sister, 3 brothers, 4 stepchildren, 9 grandchildren, aunts, uncles, nieces, nephews and friends who will continue to honor her legacy with love and pride.

Though she is no longer with us, Aminta's memory will live on in the hearts of her family, friends, colleagues, and students. Her life was a true testament to love, service, and the joy of giving oneself to others.

A Celebration of Life Memorial Service will be held at 10:00am on Saturday, November 8th, 2025 at Roberts of Ocala, Downtown Chapel, 606 SW 2nd Avenue, Ocala, FL with a repast to follow.

Forever in our hearts, her light will continue to shine.

“ While I am still taking time to come to grips with Aminta’s passing, I am so happy that I was a part of her life, her kindness, her love for others, her warmth and her genuineness. Reca was a sister to me and I have tons of memories to look back on and laugh about.

She was quiet but loud. She absolutely loved children and made every child, in every classroom her own, up to her last day with them.

She was quiet but loud with her time and her kindness and just her “real” self. She listened. She didn’t judge.

I cant forget that time we were housemates in Jamaica and hurricane Ivan took off our roof. She was the stronger one! She was ready start life moving again the day after the disaster. “Life knocked us down, but not out”l she said and we kept on going. The best part of living with her is that she would always protect me from lizards which I am so afraid of. She never got tired of me and the foolishness.

My Reca. My sister. My friend. Gone way too soon.

Sleep in peace until that time ...
