“ *My heart goes out to our family. Andrea was a favorite aunt and other mother. I enjoyed my visits during my younger years. I got to see her again last year and it gives me great pleasure to be family. May she rest in peace and now she is with all of the other siblings. I am sure that her sister's will miss her. May the light guide her to her resting place and the angels give her wings to fly gracefully. Titi Andrea many hugs and God bless you always. You will be missed by all. Rejoice and I will keep you in my prayers. To my cousins, my deepest condolences. Many hugs and prayers.* ”
