“ Dr. Anjali Dutt was a compassionate person with warm heart and deep rooted devotion to contribute intensely to social & cultural events in the community so that entire community could benefit and enrich itself from the experience. Anjaliji along with her husband Dr. Dutt made us all; especially Americans of Indian decent living in Murfreesboro area, more involved community that cared for each other. Though she had expectations of high standards for contribution from every one; she nevertheless worked with one and all, talented or otherwise. We are going to miss her very much specially her; delicious cooking, warm heart, straight forward demeanor and extension of her helping hand to one and all. May she rest in peace in the arms of God. With deepest sympathy and Condolences: to Dr. Dutt and family. Sekhar & Pranahitha Reddy

“ *TukuMashi as we all knew her, was laughter, fun and warm hospitality from the time we knew her closely from 1961 in the UK. She came over with her husband and a very young family; on behalf of a group of young bachelor friends living in London we looked to her for comfort and support during our rather scatter brained days, which she gave unstintedly. Rita and I have not just been fortunate to have been able to visit her recently, but to have been able see her raise that "wicked" smile and recognise us , that reminded us of the good times. She remains with us as a symbol of hope and love. May her soul rest in Peace.*

“ *Although we never had the opportunity to meet with Mrs. Anjali. We have witnessed first hand the legacy she leaves behind. May she know that we appreciate all she has given our family with her daughter Tina, and her family. The apple does not fall far from the tree. Our sincere condolences for all who knew and loved her. We just wish we had the chance to get to know her as well. May she take solice in raising a wonderful family and knowing that she has given this world many gifts during her time in this life.*
