“ Tony, I miss you so much already! My only consoling thought is that you and Brenda are finally dancing now! You made such a difference in our Post and it will never be the same. Pool, Poker and Wii will never be right now. We love you very much!!

“ Dear Peruski Family, Tony was a very special man. He endured all his health problems with the idea that he was going to live each day as he wanted to. Whenever I asked him how he was feeling, his answer was always, "I'm still here". I will miss seeing him at the Post. He always had a pool stick, a beer, a nice thing to say and combined them with a smile. Kathy
