

Baby Isaac Delbosque

September 7, 2025 - September 7, 2025

With immeasurable love and profound sadness, we honor the brief but impactful life of Baby Isaac Delbosque, who was born and passed away in Ocala, Florida, on September 7, 2025. In his fleeting moments, he was enveloped in the deepest affection and will forever be cherished as a perfect addition to the Delbosque and Coddington families.

Isaac's parents, Kristina Coddington and Patrick Delbosque, dreamed of welcoming their son into the world, anticipating a Halloween birthday that was to be filled with joy and celebration. Their love story began in 2018 at TA Petro in Reddick, Florida, where their shared journey led them to a commitment to start a family. The seven years of their union were a testament to their devotion, culminating in the arrival of Isaac, who, even in his short time on earth, was a symbol of their love and shared dreams.

Isaac's mother, Kristina, originally from Accord, New York, moved to Ocala in 2016, bringing with her a nurturing spirit that shone brightly in her work as a childcare worker. Patrick, a cook by profession, brought his culinary talents from Coral Springs, Florida, to Ocala in 2018, further enriching the community they both came to call home.

Isaac is survived by his loving mother, Kristina Coddington; his father, Patrick Delbosque; maternal grandparents, Ida Coddington of Ocala, Florida, and

Alan James Coddington Sr. of Catskill, New York; his Uncle Alan James Coddington Jr. of Ocala, Florida; his Godmother Kayla Mannello of Saugerties, New York; Margaret Marquez his bonus grandmother; as well as numerous aunts, uncles, and cousins who reside in New York. He was welcomed into heaven by his paternal grandparents, Joanne and Brian Delbosque, who preceded him in death.

Isaac's arrival was eagerly anticipated by all. He was born perfect, a beautiful soul who, in his brief time, taught those around him about the fragility and preciousness of life. His memory will be a guiding light and a source of comfort to his family.
