“ Barry and I worked together at the Amex for many years. I was even fortunate enough to have gotten to know Gloria a little bit. Wonderful people. We spoke at length three or four times a year. Never during or immediately after a major sporting event because he always watched live and I usually recorded and was always behind.; that he could never understand. I regret not having kept one of his voicemails. To quote the late great Don Cornelius Barry was and always will be “ A Stone Cold Groove.” Bon Voyage my friend . 🙏

“ Barry/Gloria and I worked together for many years at the AMEX. He was always a gentleman and we shared a love of the Mets & Jets.....

We went to an ABA playoff game at the Nassau Colosseum, probably in the late seventies. He also turned me on to the Spinners.

Rest in Peace Barry and my condolences to Gloria and the family

“ Barry was our neighbor for many years here in Florida. Such a quiet humble person with a bright smile. He would just stand in front of the house looking down the street. A few weeks before he passed he came over to the house and we talked about sports and The Bill Maher show...lol. He gave me a hug and thanked us for whatever reason. I remember thinking to myself as he walked back to his house what a kind sweet man. A true gentleman. Our thoughts and prayers to his family. He will be missed. Rest in Peace Barry 🙏🙏

“ Barry was a wonderful friend over the years . He was a groomsman at our wedding 1981. I sent him an ABA basketball, after he used it once it rain in the Tampa area for 10 days straight there about.... He said it was jinxed and rarely used that ball to shoot with again. I absolutely will miss our weekly sports/politics chats. Both subjects got Barry fired up, specially NY Jets and Mets ownerships as being bums! Be at peace Big Barry,

I've known Barry since I can remember. We shared our early years growing up in Johnson Projects, in Harlem NY. He will always have a place in my heart, because of the memories I have. My prayers go out to his family. R.I.P. my friend

Goodbye cousin may you be at peace with you mother cousins uncles and aunts they will take care of you and support you now . I will always remember the good days growing up the early years, the family picnics we used to have at Pelham Bay park you would always find the good spots for us to play. My mother would yell at us for going so far out of sight and make us sit with the adults once she found us. As we got older in our teen years there would be a knock on the door on the hottest day of the year and it would be you telling Charlie lets go play basketball you traveled from Trinity Ave to Throggs Neck. We spent most holidays together back then Once you and Charlie and you got married, we would spend the holidays together in North Plainfield New Jersey. Once you moved to Florida, I did not see you but when I did talk to you on the phone it was always a good political conversation. I will surely miss you. Thanks for the good times and the memories
