“ *I am smiling as I am crying. Bev touched my life in so many ways. She was a joy to be around. She exuded happiness, love, and fun to anyone who met her. Her knowledge of working with students was as vast as the ocean. She had a "heart" that was always thinking of others. I have so many funny stories and memories that I will continue to share and enjoy. Philip, Mara, Klaus, Cathy and Tracy, I know you and your family will have a big void but I pray that her spirit will continue to make you smile and laugh!!*

“ *The connections Bev made with all educators, parent and children was vast. As I travelled about six districts her colleagues always talked about specific ideas she would suggest and worked with our children. There is no one to compare to her kind nature and seasoned wealth of knowledge.*

“ *Without Bev's strong unwavering support, I could not have achieved the success I obtained. She stood strong in her support of my team and decisions when it seemed my teaching career was finished. So many wonderful years ... She got it. I owe my career to her nourishing support. I smile at our memories as a tear tries to leave my eye. a true mentor of mine*
