“ *I worked with Carol for about 4 years. During that time, she supported me through a loss in my life and brought our family joy by helping us to adopt Rascal. Carol was always busy - working, coordinating for Brat Pack rescue, emailing friends and family - but she always had a smile and time to chat (and chat! and chat!) She will be greatly missed. Our thoughts and prayers are with Ed and all the family.*

“ *Praise God for he gave us a person to aspire too! Anyone who knew Carol learned quickly tht she was strong, determned and dedicated to her beliefs and opinions. She made sacrifices in life and held high expectations of herself and those around her. While it was sometimes hard to live up to those expectations, I believe she made us better people. She raised the bar. I wanted her to be proud of me and think highly of me. I am a better person because of Carol. How lucky I am that I got to spend time with her in my life. What I gift God gave me. My her family live up to her legacy and remember her with love.*

“ Carol was my hero because of her great love for animals and her never ending desire to help them. Many people profess this love but she actually did something about it. I feel very honored to have known her - she will not be forgotten by me.
