

Carole Fix

June 12, 1949 - September 1, 2020

Carole Ann Fix, 71, of Ocala passed away on Tuesday September 1st 2020 in hospice care. She was born in Norwalk, Connecticut, daughter of John, (who passed when Carol was just four), and Doris Adriani, deceased last year. Carole grew up in Plains, Pennsylvania but spent most of her adult life in Texas and New Jersey. After 24 years of dedicated service to Ricoh Americas Corporation, she ultimately retired with her boyfriend of 26 years, Don Bean, and moved to her dream state of Florida. Carole had inherited her father's disease and endured and triumphed over many major health issues since the age of 16. Her zest for life however, was second to none. She thoroughly appreciated every day of her life, which she lived to the fullest and she realized her dream of travelling to many places throughout the country and abroad. She was a loving and devoted mother to her only son, Eric Bialek. Her benevolent personality was infectious to those around her. She developed many lasting friendships. All the while, she persevered through countless challenges and was an inspiration to everyone who knew her.

“ For a Mom that gave so much and asked so little in return, I am truly grateful for every moment we did have. I will never forget the time we spent together while I was growing up, going to the beach and amusement parks in the summer, skiing in the winter, and vacations to distant locations that broadened my horizons. I know it's difficult for a Mother to see her son go off to college and then join the Navy upon graduation. Although we were physically apart, my Mom was always there for me to provide support as I confronted life's challenges. Although we missed many holidays while I was on deployment, I'll cherish the many times we were able to reunite as I traversed the country at multiple duty stations. My Mom made it a point to visit me wherever I was stationed, and we made many memories enjoying the excursions each location had to offer. My Mom did all of this even as she faced many medical challenges throughout her life. She was grateful for every day she had to live. Although I wish we had more time together, I am consoled by the thought that I know in my heart we will always be together.

Eric Bialek - September 13, 2020 at 12:00 AM
