“ Without a second thought i say I Love You Cassandra. These past few months have been the worst days of my Life. I had you ripped away violently yet you held on long enough for me and my family to really get to see the Cassie you needed us to see. There is no doubt in anyone's mind your the special one. The kinda girl that can make ya smile even on her worst day with little more then a straw in her nose and a smile on her face. I miss everything about you and would kill to have you back for one day, even one of our worst days would do. I am already regretting the rest of my life without you it was just to perfect with you in it, all the flaws and bad luck along our journey were nothing. You proved that we were stronger then any of it. Everyone's cautiously watching and waiting for me to lose my way, but they don't realize that without you i have no way. All of my hope's and dream's were lost the moment you were taking from us. I miss you Baby and not a day goes by that you will not be by my side. Your voice echo's in my head and a cellphone of girls tunes sung on your way to work have become my lullaby's. I hear your guidance everywhere the " Baby Slow Downs" when i'm hitting 10 over the speed limit. Or your "Buckle Ups" when the door slams , even "Calm Down Baby He Didn't Mean It" has prolly saved me a night in jail once or twice in these past 2 months alone. You were a influence among influences that made me a better man, and you Forever be in my life "Setting Fire to the Rain", or giving me that "Last Kiss" pearl jam spoke of I Love You forever and for always baby and thank you for everything you've done and are still doing for me your amazing even when your gone

“ Today 5 years ago today was a day you changed me forever. You came into my life accepting me with all my flaws. I still can't believe your gone, it feels like just yesterday we were rolling on the floor laughing. Even the holidays mean nothing without you to share it with. I Love You So much and this day will horrify me forever. It was ours, a lifetime together can't compare to the years we had. Today would have been 5 years , yet it feels like more because every day you gave me you showed me more and more of myself. Time goes on forever baby and our anniversary isn't any different. I wish i could have done more with the time we had, like show you world we only dreamed existed. I heard you this morning you've been waking me a lot lately , old memories echo in my head and i am afraid of losing them so i spend hours watching the highlight reel of our ups and downs in my head. I still wouldn't change a day i had with you. I pray to a god i loath for you, because one day i want to be with you again, and this life seems to long without you. Everything has changed so drastically i don't know were to start rebuilding because you not here to rebuild for. Life sucks but you gave me everything Thank You for being So special I love you forever and for-always happy anniversary baby

“ Cassie it has been one month since your passing and I feel it is time that I dealt with something that until now I was unable to even acknowledge. I found out one week after what I thought was the worst day in my 51 years of life, that you were carrying my grandchild. My grief and sadness of this was so gut wrenching that I can't adequately describe it but through the last thirty days and a lot of heart to heart talks with my wife I now realize that you will always be the daughter we were never able to have and you will always be the mother of our first grandchild, and I also know that someday we will be together again and come to know and love each for eternity. This is not meant to be a good bye but a until we meet again so until then I promise to keep you both in my heart as a cherished memory. And I will proudly smile at that very thought.

“ CASSIE YOU ARE MISSED LIKE NO OTHER. I LAY UP AT NIGHT *DREAMING* OF THE LAUGHS WE SHARED AND THE TEARS WE CRIED. ITS THE LITTLE THINGS THAT ARE HITTING ME NOW LIKE HOW I DON'T DRINK COFFEE BUT I STILL BREW A POT EVERY NOW AND THEN JUST TO PRETEND YOUR HEAR TO ENJOY IT. YET HEAR I AM STILL STRONGER THEN EVER BECAUSE YOU MADE ME THIS WAY. I CAN'T FAIL WITH YOU AND I STILL SHUTTER TO SEE WHAT LIFE HOLDS FOR ME WITHOUT YOU. YOU WERE AND WILL ALWAYS BE MY ONE TRUE ACCOMPLISHMENT. I SKATED THROUGH LIFE ON MY CHARM AND SLICK THINKING YET SOMEHOW YOU SAW THROUGH ALL THAT AND GROUNDED AN AIR HEAD BENT ON DESTRUCTION. I STILL THINK ABOUT YOU EVERY DAY, AND WILL FOREVER BECAUSE YOU DESERVE IT. YOUR LOVE, LOYALTY, AND DEVOTION WILL BE MINE FOR ETERNITY

“ Yes , no words can describe it. I will remember and cherish every moment; from the late night back rubs, the laughing with friends, to the screaming til our lungs hurt, every day with you was the best gift i have ever received. We were perfectly content with just each other nothing else mattered. Until today i never fully realized what i had, you made me stronger, faster, smarter, braver and there was still too much more for us to go through. We tackled the world head on and nothing slowed us down. I will never forget what you taught me and i will tell your story to anyone that listens because women like you don't just die, this world just ain't good enough for you. So watch over me and see my works because ITS ALL FOR YOU. Nothing is keeping you back now my dear be strong and i can't wait to see you again. -Zutley n Kitty for life & anything else ya wanna throw at us

“ So sorry to hear of Cassie's passing away. I know only too well the sadness and emptiness you all are feeling right now and I just wish I could be there to comfort you, but I know God sees your tears and He is always there with you to help you through these terrible times in our lives. Losing a child seems so out of order. I know one thing alone that helped me when I lost my son, and that is my Faith in God. When you are at your weakest, He will sustain you and comfort you with precious memories of Cassie. When you just want to scream, He hears your cries for help to understand why. Lean on Him and rest in His loving arms. He will never leave you or forget about you. Trust that the memories are the most precious gift God gives us so that Cassie will live on forever in our hearts and our thoughts. Love you all. God Bless and keep you in His loving care.

“ I can't find the words to express my grief and sorrow for this loss. A candle was lite, and brought joy to our lives. Cassie is deeply loved and a sister to many of us. Her laughter resonates, and my brother's love for her was complete. Cassie and Keith, I love you.

The memories that mean the most to you will live forever in your heart. Cassie will live on in the hearts of those she touched... for nothing loved is ever lost and I know she was loved very much. Peace be with you.

“ Cassie, I always knew there was something special about you but I never realized how much you meant to me until it was too late to tell you. Your cute little smirk of a smile and your quick wit to your sharp tongue and your love of my son will always be in my heart. I watched you lead my son through some troubled times and through your love change him into a man a father could be proud of. I also have seen something in myself that I didn't know was there. That I could love another man's child the way I loved my own. I also feel somewhat ashamed of the sorrow and self-pity I feel for myself in your passing, because as much as me and my family have lost, our loss pales to the loss your family has suffered. Darin and Lorie thank you for bringing such a wonderful caring and lovely soul into this world. She brought our two families together as only she could and Zack I'm so sorry for your loss as well thank for being there with her in the end she was not alone thanks to your love. I hope that our families will remain friends as a tribute to the glow of her spirit. Sincerely Brian Nelson (dad Nelson).

“ You can shed tears that she is gone, or you can smile because she has lived. You can close your eyes and pray that she'll come back, or you can open your eyes and see all she's left. Your heart can be empty because you can't see her, or you can be full of the love you shared. You can turn your back on tomorrow and live yesterday, or you can be happy for tomorrow because of yesterday. You can remember her only that she is gone, or you can cherish her memory and let it live on. You can cry and close your mind, be empty and turn your back. Or you can do what she'd want: smile, open your eyes, love and go on." Everyone leaves footprints in your memory, but the ones that leave footprints in your heart are the ones you will truly remember.

“ Our hearts are truly broken at the loss of Cassie. We will always remember her quiet little voice and the way she would tell you she was not a morning person, but after her cup of coffee she would not hesitate to have a conversation at the fence, talk about her day or telling us something that pugsley had done. Our love and prayers are with you all.
