“ Dear Family, We have very heavy hearts with your loss. He was a true family man. We will always remember the twinkle in his eyes watching the kids play golf. His driving range & putting green knowledge will be missed. May God hold you all & give you strenght during this time. We are better off for knowing Charlie. Thank you for sharing him.

“ We would like to extend our deepest sympathy to the family. Death of a loved one is never easy and we often wonder why. But God has promised He will never leave us or forsake us. We pray that God will put his arms of love around you and comfort you during this difficult time. May He give you peace and hope in His promise of His soon return. What a wonderful day that will be, when we will see our loved ones again.

“ It is with such a heavy heart that I write this message to you, Mithu, Omie, Bryan & Krissy. Charlie was such a rock of stability for me personally as we all lived and worked on Saipan. As a professional colleague he was exceedingly competent with skills that were so needed. It was my honor to be in practice with him. Beyond that, however, he was my friend, my example, even my golfing buddy (and my conscience on the course). Even though we have seen each other infrequently since those days, I will miss him greatly. I am so thankful now for the opportunity last year to visit. You may or may not know that he called me frequently to check on me when I was undergoing my cancer treatment. When I was at times feeling alone, he was there. What a tremendous human being.
