“ I'm so sorry Connie had to leave so soon. The time I have known her here was brief and only to a point as internet would allow but I got that she was a fighter, she was fun, she was talented, she had a great sense of humor, and she was loving. Again, I'm so sorry she had to leave so soon. It brought peace to know that she accepted Jesus. I hope that brings some amount of peace to the family too. I will surely know her better when we meet again. Sis Judi, I love you so very much and I love your family through my love for you. I am pleased to honor your daughters memory by reading all the lovely words about her and looking at all the pics posted. What a beautiful daughter God blessed you with sis. Prayers for you all.

“ Life like a mist appears for just a day and disappears tomorrow. All that we are can quickly fade away, leaving pain and sorrow. God sees your pain and sorrow and he will call her soon and she will arise from her sleep in his memory (John 5:28&29) to a paradise where no one will say I am sick and there will be no more dying, nor sorrow, nor pain. (Revelation 21:3&4). May these promises give you comfort during this your hour of grief.

“ My Bright Shooting Star, I knew from the moment I met you that you would make an impact on my life. Your soul was too bright for this dark world and you burned out before your time. Now you are at peace for the first time and stretching those beautiful wings that will carry you to the most majestic peaks so you can look down over the beauty of the universe. You are were you belong, with the ethereal beings. I love you my friend. Fly high for me till we meet again.

“ Connie and I went to Fort King Middle School together. We had a lot of fun and she was always smiling and happy. Out in the school we all planted trees on Earth Day around the field one year and one of those trees is hers and it will always be hers. The last time we spoke, she was in high spirits and still happy. I'm sorry that she's no longer with us and I didn't get a chance to see her one more time. My prayers to her family during this difficult time.

“ *Connie is my baby sister, I will miss her dearly. I can remember as a kid if we did something mean to one another mom would make us kiss each other on the cheek and take pictures, lol.. I would give anything to be able to kiss her cheek it would be because I love my sis and not as a punishment. My heart has another crack that will never be fixed.. I miss my sis...*
