“ In my relatively short time as Connie's friend I have discovered that she was respected and loved by all and never failed to make everyone feel great and make them smile and laugh. She will never be forgotten.

“ Connie (my mom) was a positive influence in fifty or so fauster and adopted children, and along with my Father Jack Curreli, made a difference in those young lives and the many people they came in contact with. I myself am proud to be her fauster son. I will never forget the many blessings brought about by our loving relationship.

“ Connie will be greatly missed and was loved by all. Connie was always ready to go and also willing to get involved in activities. If the bus was rolling Connie was always ready, she would say if it was early make sure I am up. You had a great mother and I am sure a great friend. You are all in our thoughts and prayers Susan Noble (Activities Assistant)
