“ On behalf of the the entire DCMA Government team at the Ocala and Orlando facilities I'd like to extend our condolences to the entire Baker family. Craig provided a valuable service to his country during his long tenure with LM. We'll miss him, both as a valued colleague and more importantly as a fine person. God bless you.

“ I worked with Craig for the last few years. He was a great guy and I will miss him. He and I used to print things out on the printer at about the same time and it was the running joke between us for me to pick it up and bring it to him before he could get to the printer. He always said to me "You take care of me." I told him I try to take care of my teammates. I will miss our little Printout moments and greeting him each morning. Sometimes it is the little moments like that, that make life special. I'll miss my little buddy. He is resting with the Angels now. Everytime I go to the printer, I'll be thinking of you Craig. God Bless and keep you.

“ Hey Slick! You were an amazing person, boss, and influence in my life. I know that you wouldn't want me to go on and on about how much you meant to me, so I won't. Thank you for changing my life like you have and thank you for everything you taught me in the short time we had together. You definitely made my tenure in Ocala more memorable, and you influenced me in ways you will never know. I will keep you, Debbie, Jaymie, and Jake in my prayers. I will truly miss you as a boss and as a friend and I will definitely miss your silly little habits! :) God bless...

“ To the entire Baker family. Words cannot express what Craig has meant to my husband Doug and myself here at Lockheed. We worked for Craig as soon as he arrived from California and on and off ever since. I used to call him my Craigie and he'd always would just jingle his change in his pockets and laugh. To his children I'm sorry you lost your dad so young but please remember this His Lockheed family adored him as a very gentle man soft spoken and polite. I will miss teasing him and telling him to please gain some weight. He was a man of few words but a beautiful soul. To have know him was a pleasure and to not see him here at Lockheed anymore will be very hard. God Bless all of you in this time of sorrow and I can assure you Mr Craig Baker will never be forgotten by all of us. We truly loved that man. God Bless Debbie and Doug Powell

“ I fully expect Craig to be as energetic and efficient for Jesus, as he was here on Earth with all of us. I too am selfish at an early loss, but he is Heaven's gain! I worked with Craig in Ocala from 1998 thru May of 2003, and always benefited from his insight, can-do approach and willingness to help. He often discussed his strong family ties, which made me relate to him even more. Craig truly was quiet yet highly effective in all that he did. I pray the Lord gives him complete peace, uses him to benefit heaven, and continues to allow him to burn fond memories in each of our hearts. To Craig's family: My Family of twenty in number, grieves with you and pray for your needs in this time of Earthly sorrow. Be strong and know that we all shall be reunited with Jesus in HIS time. Take care Craig, and know that we will miss you.
