“ *Dear Karin and family While the loss of a loved one is never easy, even when anticipated, it is most certainly the hardest when they are taken from us too soon. Danny who has left us at such a youthful age is definitely in the category of those hard losses for which there is so painful a reminder of what might have been. We offer our sincere condolence and deepest sympathy on your loss. May the outpouring of sympathy, the kind acts of friends and strangers and the comfort in knowing that your loss is felt by many, help you through this difficult time. I ask for God's blessings on you and your wonderful family. May you find the courage and strength to move forward in peace and confidence and in knowing that his was a life well-lived. Yours In Peace, Kirsten and Family*

“ Like parents, teachers are not supposed to have favorites. But because of Daniel, I broke that rule. I had the experience of teaching Danny for four years in social studies and science classes and his presence made me a better person. Danny was forever the humorist but also the most serious of students and was aware of the pitfalls of human nature that often make the study of history and current events a never ending story of people harming people. Danny could never fathom the darkness of human nature because he loved every one. Without a doubt, Danny suffered because of his long going battle with bone cancer. But, he never entered my classroom without a smile and never shirked from class work. Danny had a determination to out live his disease that was incredible. Skinny D will always be number one on my honor roll of students. I thank his family for raising and nurturing Daniel during all of his difficult times. Daniel was loved.
