

David Erickson

December 31, 1969 - March 4, 2012

Obituary of David Erickson David Michael Erickson, was a wonderful son, husband and father. He married his wife Annette, twenty four years ago, and they have three children, Jordan, Justin and Shelby. He is survived by his parents Alice and Joe Woods, Aunt Joann, his sister Susan, brother in law Tommy, sister in law Laurie, nieces Jessica, Erica, and Michelle, nephew Myles, great nieces Morgan and Cristalee, and great nephew Charlie. We also chose to add some wonderful people to our family, Victoria, Russ, Ann Marie, Russell, Brandon, and Jordan Smith. He loved all of them so much, his favorite thing was to buy the motorized toys for the kids, he wanted to start them early. David was always very family oriented, he enjoyed spending time with family and friends. David and Justin spent many years at the motorcycle track, he probably enjoying it more than the kids, if that was possible. It was not unusual for them to decide at a moments notice we were heading to a race. David would spend the entire time, most of the time anyway, making sure the bikes were ready. One instance that I remember he let Justin run out of gas on the starting line, lucky for him it was at their favorite track, Hard Rock, and he was able to restart the race, what wonderful people we met there! David and Jordan spend a few weekends at the horse shows, he was not a big dressage fan, lol. Although his love was more for the things that had a motor, he got along with the horses just for Jordan. He managed to get Jordan on a few motorcycles too, he loved it when they were both riding. He loved his children more than anything. Jordan did talk him into buying her a

horse, he was wrapped around her little finger, lol. David's first child was Shelby, and he certainly made sure to start spoiling early, she never really settled into any sport, but he was off to swimming lessons with her twice a week, the entire place applauded when she finally figured out how to tread water. He tried 4 wheelers with her but she didn't think so then there was karate ect. Putting someones life into a paragraph is just not really possible, he was so many things to so many people, a great son to his mother, husband to his wife, and father to his children. Were ever you met David, at any of the kids activities or his poker games, he was certain to leave an impression.

“ *Hi Annette, I have been thinking of what to say, and no matter how long I take, I will never be able to say something that could take away the pain and loss. I didn't know David very well, but I did get to c some of the pics of u & the kids boating, biking and living life. U will always have those memories to cherish, not every family has such memories. U r 1 of the strongest women I have ever met, & that strength will bring u through this. We r thinking of U often. Love L & P*

“ *David was a wonderful man that I had the honor of calling family. He would do anything to help anyone and never ask for anything in return. He was the sweetest, funniest, and most loving guy with his family and friends. It is hard to put into words the type of man that David was because he was the best all around. I will always love and miss him, but will never forget him and how much he loved his nephew Myles which meant the world to me. To Annette and the kids we will always be here for you if you need anything and we love you very much.*

“ Mr. Erickson you were hands down one of the greatest people I ever met and it was a privilege to spend time with you and your family over the period of a few months before I moved North. You were always there for all of us whether it be advice, talking us out of stupid ideas, most of which involved building trucks in your garage, or the times when you were spending numerous hours laying on the Garage Floor under trucks showing us how to fix something. You were a great husband, father, and role model. You are greatly missed! <3

“ Just found out and am a little floored .I have so may great memories of David and his family . To me they were family. I loved them all like they were my own .When David first started coming to my track you could almost see him light up as soon as he came thru the gate, his whole family was very special to me. And the best part was even when they didn't participate in the sport as much ,they still came by just to shoot the breeze .And I always appreciated that. David was a very special guy and I will always remember him. Especially the day I showed him how to run my dozer, the Kid in him really came out then,it really was like a kid in a candy store. I will missed him like no one I have in years. The best part is that we will all see him again ,He's just went home first, Love you David, save me a spot.

“ David was such a great guy!! I've worked with David at Fed Ex Ground for about 10 years & I remember when he was involved with his kids & Motorcross racing, he was always bringing in pictures & telling us of all the fun they would have. He seemed like such a great Dad & it just breaks my heart that he is gone. He will always be remembered & hold a special place in my heart. May God bless the Erickson family at this very difficult time. Cherish all the special moments you've all shared as family & know he is always watching over you! Love & prayers to all of you!! “ David was a great person, always happy and had a smart a** personality you couldnt help but love. For about ten years of my life he made me apart of the family and became sort of a father figure I never really had besides my grandfather. Even though he referred to me as "the neighbour kid" I know he had a soft spot for me haha. He was very giving, never hesitating to take me on vacations or to go play with the family toys (Boat, dirtbikes, etc.)he even took it as far as gettin me presents on Christmas. He was also a handy man, could fix anythin as far as Im concerned and very smart. Through alot of my life him and Annette were there for me and somehow never got tired of me goin over. Im glad God gave me the oppourtunity to meet such great people. Alot of my greatest memories were with them. Love you David, your in Gods hands now. Love, The Neighbour Kid.

“ Words cannot express how much Uncle David will be missed. He truly is one of the best, most genuine people I have ever met. And besides my father, he is the only other man who's been in my life since the begining. The two of them can play poker together until we all meet again! We love you David, be at peace knowing you are loved and your children are growing up to be awesome people because of you (and Annette too!). Thank you for being an awesome uncle to me and my kids who completely adore you. Annette, Justin and Jordan... we love you guys so much, and are thinkjng of you always.

“ I could not have asked for a better father, my dad was always there when i needed or wanted anything. Nothing will ever replace the memories that i had with him. Every weekend I looked forward to going to the track and riding/racing with my entire family. It was something that brought our family together after a long week of school or work. At the end of the day it wasn't about winning or bringing home a trophy it was about the precious time i spent with my father and im so glad i can look back now and not have a single regret. My dad was a great father, husband, and son, he was the most generous person i know and would give anything to anyone that really needed it. After seeing the way my dad lived his life and how much he cared for his friends and family i honestly hope that one day I can be half the man that he was. I love you and miss you dad. Love your son, Justin

“ *David Michael Erickson was an amazing person that could never be replaced. To me he was my second father and to him i was his third daughter. I remember him always being there as a stronghold of support, he was there for many of the important moments in my life such as the sporting events i competed in and my High School graduation. Both Mr. and Mrs. Erickson always made it a point to make me feel like i was part of their family and for that i am extremely thankful. I am so fortunate to have met their son Justin and to be apart of this family for over 2 years now. Although my second father is no longer here to be apart of our lives i know he will always be looking down at us from heaven and will be with each of us every step of the way. I love you and miss you very much. Love your future Daughter-in-law, Victoria*

“ *Mr. David was AWESOME!!!! I remember playing Just Dance with him in the living room, and watching Monster Trucks with his little nephew Myles. He was a great man and a great dance partner. I remember his silly jokes, and letting me drive his truck to go get ice cream because I let him drive my car (scary situation if I may add). My favorite memory of all was definately the family pictures. When I took those pictures I not only saw a happy family, but I saw a family that loved each other and would do almost anything for one another. They were the strongest family I knew and that's why I know they will get through this hard time with the love and support from there family and friends. It's never a goodbye, its always a see you later.. As for that See you later Mr.David.*

“ May life bless Annette and her wonderl family. I cannot imagine the grief you and your family are experiencing, I did not know David personally but he was spoke of in a positive light and held the heart of a wonderful person. The people left behind to represent him in life are top notch and I hope he carried that with him. No amount of words will even dull the pain but I have to try. I am so sorry for your loss and I don't think there is a greater group of people to of shared his life with. Stay strong, positive and wonderful

“ I hate that I lost contact with my Uncle David for almost 10 years. I am thankful to the lord though for bringing us back together over the past year. I dont know how I would handle this if I didnt at least get that. My Uncle David was one of a kind, definitely left impressions when you met him. He will forever be deeply missed but his presence will never be forgotten. He will live on through my cousins. I love you Aunt Annette and I know you will come out of this stronger than ever; you've always been so strong. We still have eachother and now more than ever need to stay close as a family. I will miss my Uncle David so much. I will never get rid of my daughters first 4 wheeler that he bought her last year for her 1st bday!!! It will stay in my family forever now!!! My thoughts and prayers are with you guys. I love you all!!!
