“Although Grandma is holding her son in her arms again I wish I could've had more time with you before your illness, I'm glad I got to spend the past few years getting to know you even though some days were full of surprises most were fun/funny,our two roads trips were an adventure and I know you appreciated and were grateful just to see a familiar face & your snacks/junk food I did what I could to try to make your last years full of laughter even if I didn't have a clue what you were talking about lol, I am also glad your granddaughters got to spend time with you.You are now free from this worlds pain and rejoicing in Our Lord's Kingdom with your loved ones. You will be missed.R.I.P Dad/Flash
