“Debbie and I were friends who first met at the Courthouse where we both served on a jury. After jury service was over we remained friends and eventually lost contact with each other, as she suddenly left but remained in contact but eventually made another move and I never heard back from her.

“I was a “Plank Road neighbor” and Webster school friend of Debbie’s. Debbie was always fun and sweet. My family “Piotrowski” moved to Webster in 1958. I met Debbie when we rode the bus to school. We were good friends as children and played at each other’s homes. I loved going to her house because she and her sister, Gail, had ponies! My brother, Steve, just shared with me today that she had recently passed. I’m heartbroken to lose another friend from school. The last I had heard from Deb she was planning on stopping in the Webster area to visit “old friends”. RIP, sweet girl, you are missed. May Piotrowski Vandenberg

“In the end they would not let any of your friends see or talk to you. They will have to live with what they did to you. No one can hurt you now RIP
