“ *One of my memories that still is with me today and always will be is when Tim (my son) was approximately two years old and had fallen in their pool when I was visiting with his grandma Ad and Diana. Diana was quicker than anyone to get there and pull him back up to safety...Diana saved his life that day. Diana was Tim's aunt and when he got older he grew very close to his aunt. RIP Diana and know that we all love you. Such a sweet person!*

“ *Diana's loss brings much sadness to all who knew and loved her. May the family find comfort in Jesus' promise that our lost loved ones, like diana, can live again (John 5:28). May this message of hope bring the family peace.*

“ Diana and I shared so many great times together back when we were much younger! She will forever remain in my heart. Although we lost touch as friends often do, I have always thought of her often. My sincere condolences to her whole family, but especially to her Mom and Dad!

“ One of the first memories I have of Diana was being told of her story of COURAGE in battle , the battle for her life against cancer as shared by her Mom ,AD I became a prayer warrior in her battle having yet to be personally acquainted . I learned of her DEVOTION to her daughter Morgan and family . I prayed some more as she stood up to the beast of cancer for her family. As the years went by we became more acquainted through her sister in law and nieces . I admired her STRENGTH and in my mind She was a SURVIVOR. Then there came a season I would get to sit with her at Shocker Park watching our girls amongst family Her Family watching her beautiful daughter pitch.. We shared laughs and skittles and a little bit of this precious journey of life. Did I really let her know the impression she left upon me ,that of a Strong Courageous Devoted Survivor ? If she never got the message in our talks ,my hope is that part of this memory can be a part of her legacy to those that love her . My prayer is that your memories will comfort you and keep her very much alive in your hearts forever.
