“ *Love you dad and miss you like crazy! If I knew that July 4th was going to be our last lucid conversation or time together I would have stayed longer! At least we ended our relationship here on earth with a bang! I can only hope that I have as much inner strength to perservere through the rest of my years like you. I will miss our talks and I've missed our dances for a while. You were my first dance teacher or partner. Thank you for all that you have done for us and our country. I am eternally grateful that God gave me you for my dad! Love you always and forever. Your daughter, Tammy*

“ *Don was a great Father and wonderful Grandfather. He also was a very hard worker and a great provider for his Family! He had a heart of gold! He was gone so fast after his Family visit. But God knew he was getting so tired and took him home! No more pain and suffering. Thank you Don for your Service to keep us free. So long for now until we meet again. Betsy Grassel*

“ *Don was a real fighter, he had been ill for over 20 years. He was also a patriot having served in the U.S. Army, he spent over 16 months in Vietnam. He was awarded our countrys third highest medal, the Bronze Star. He was active in coaching baseball and was a positive influence on his players. He embraced his role as grandfather and was very proud of his children and grandchildren. Don and I grew closer as the years went by and I will miss him greatly. Rest In Peace Don, you certainly earned it.*

“ Don you are and always will be my brother...we shared alot of good times and bad times growing up... You were always a do it my way person with a heart of gold... I remember stopping to see you at bootcamp and when I saw you I felt so so bad because you had to go to war and you just were not that kind of person... I thought about you many times and said prayers you would come back and you did, you were so lucky and you deserved all the medals you got... You were a hard worker and a very good provider for your family..... One thing we had in common was our family and kids and grandkids... They were are whole lives I must say you were strong and a real fighter for twenty some yrs. now. I sat and watched you and kinda learned not to give from you, so now it's my turn to fight, you always were my Don the Great....I hope you are pain free and resting in peace.. I can't believe you are gone but I will never forget our last celebration and all the memories and it won't go to much longer till I join you in the beautiful meadows and streams and we can again talk about old times and be together again.... Hope you will be my Angel and watch over me and maybe when it's time you can reach down and tell me what I told you... Lol.... Loveya Bro.Sonny

“ We knew Don as a family man who lived life to the fullest, He loved his families and was very concerned that they be taken care of after he left this world. He and Linda found a lovely place to enjoy their last years together as he battled his illnesses. We were happy to share two of their grandchildrens high school graduation and their daughters graduation from college at their home. He and Linda were so proud of them. He will be missed by all who knew him as a very strong person, a great family man and, on the lighter side, he loved to gamble and travel to Vegas. May God Bless and Rest In Peace.
