“ Dad: We were with you at your Memorial yesterday. The day was heart-wrenching but at the same time so deeply sweet and calming. So many friends and family were there to honor your beautiful life. Your son, Larry did you so proud. He showed everyone a beautiful slideshow of your incredible life. His musical talents must have brought you a big smile; although it brought us tears as well. Thank you for the love and guidance. Thank you for always keeping me safe and for the unconditional love. I will see you in my dreams...wait for me. Love, Nancy

“ I will miss my dad and his unique sense of humor. Like Donny, I fell in love with sports, cars, and aviation because of dad. It was good that we got to spend lots of quality time together as a family in the last few months.

“ Thank you all for your condolences! One of the things my father loved was to golf. One of the best things he taught me was the comradery of the guys. To all the guys I played sports with, I hope I lived up to that...and apologize for the times that I was too competitive.
