“ Donnie, You always managed to give everyone anything you could. There is no one else on earth quite like you. You helped to make my mom the happiest I had ever seen. I thank you so much for everything that you have ever done for my mom. She wouldn't be the same without you. I will never ever forget all the memories of you. From all the times you would call me a "gravy sucking pig" for burping at the table, or yelling at mom for talking about Mike Brown you would have given us the last dollar in your wallet if we needed it. I remember everytime that me and mom would come home with a scratch off you would call us scratching fools. Or how much you loved circus peanuts. There is so many memories that I will never forget of you. Life is gonna be so different without you. I never realized the difference you made on my life til you were gone. Kinda like that saying you never know what you got til its gone. Well I love you Donnie and dont worry about mom Im gonna take good care of her down here. We will meet again I promise until then remember that I love you.
