“ Those we love remain with us For love itself live on, And cherished memories never Fade because a loved one is gone. Those we love can never be More than a thought apart, For as long as there is memory, They will live on in the heart.

“ I could write a book about this beautiful lady. We have so many precious memories of our family and this family that I will cherish forever. From canoe trips down the river, to cooking party's at their house...If you were with them, enjoying their company, there was never a dull moment. I can still hear the laughter and feel the love in those times that was so long long ago. Never have I seen a more devoted husband and wife. Little did they know, by their devotion to one another, that they became mentors for Duke and I. I believe to this day that the devotion that we have for each other, such a large part of it was by their example. Dottie was a lady in every sense of the word. She was not afraid to defend her GOD if anyone ever took HIS name in vain. She showed her love and devotion to him by living a Godly life. She honored him with her beautiful talented voice. She had the voice of an Angel. We will keep these memories in our hearts FOREVER because with memories like these, you could never forget. REST IN PEACE LADY DOTTIE. WE LOVE YOU.

“ I just adored my Aunt Punkin. She was so much fun and always mad us laugh. I remember growing up we would have family holiday dinners and play ping pong till the early morning hours, she was a pro! My children thought it was great when they were young because at an early age they already exceeded her in height. She was pint size in physique but had a gallon size heart. I am so thabkful I just got to see her in May. Aunt Punkin you are loved and will be dearly missed!

“ My deepest sympathy to all of Dottie's Family. Dottie and I emailed each other for many years and her emails were always such a pleasure to read. Her beauty came thru in all of those she sent to me. Sadly we lost contact as life got in the way, as it sometimes does. I shall forever remember her as I always wrote to her as "My Sweet Dottie"

“ Dottie (Dottieth), as I called her was one of the sweetest people I have met online. We spoke quite a bit on the phone and many times it was to help her when she needed advise about her computer or a game we were playing together. Other times it was just to catch up about our families. She usually called me when she needed a laugh, which we did a lot of. J.C. I am so sorry about Dottie's passing. I can't even tell you how many times she would tell me how much she loved you. I wish to extend my sincere condolences to all of Dottie's family. I will miss her very much.

“ I was very sad to hear of Dottie's passing. I don't know of any other person in my life that I held such a special long-distance connection with. Dottie has a heart of gold and I will always remember our conversations on the phone. She would tell me about growing up in the Bronx and the love of her life, JC. They have a love that will last forever. I was always envious of the love these two wonderful people shared. I had the pleasure of surprising her and JC one day with a knock at the door. I am going to miss Dottie dearly but she will always be in my heart. Her greatest joy was making her family happy. When I talk to Debbie, I hear Dottie's voice. Although I've never had the pleasure of meeting her daughter, I feel like she's an old friend. Dottie's family was her world and I know that she is in Heaven now and making the coffee like she always did at night. Rest in peace my dear friend and someday we will be together again. I love you, Bunkin!
