“ Earl was my best friend in Vietnam. I was a supply sergeant and he worked for me. We were the best of friends we did it just about everything together. I helped him learn to read. He was one of the best friends you could ever have. I remember one day he was cleaning his 45 pistol and he forgot to take it the round out of the chamber accidentally fired off scared the hell out of everybody. I'm from Florida. I wish I had gotten in touch with him once I left Vietnam because we could've gotten together I didn't know he moved from New York to Florida. What a shame I would've loved to have seen him fish with him and anything else he wanted to do. He was a wonderful wonderful person.

“ My dear brother, Cant believe that its been a month since you left us. You will always be in my heart Someone ask me the other day how we all got along My answer was I can not remember ever having any angry word with you or you with me Never did we ever fight you have been the best brother that any one could have you had a calm and peacefull spirit. God new what a dear person you were. Im not going to ever stop crying for you my heart is broken I may be just a sister but you were the brother of brothers. I know my life has to go on but just knowing your not going to be there HURTS. I love you you were the brother and the father that I didnt have I remember when you told me you made my lunches for me after Dad had past. I didnt even know that but that was the love you had for me you were always there There was never a time when I would ask you to do something for me Like when you made my valances for my bedroom window you said no problem, see you next week And there you were bring them to and even helped me put them up..I always loved when you stopped in to visit Id see your truck coming and was so glad to have that time with you. Yes life goes on I wish I could pray for you to come back BUT like the song says why would I do that when you are in a better place..I will see up in heaven and I know God has a plan for us to meet again... I LOVE YOU BROTHER AND I CANT WAIT TO SEE YOU AGAIN As days go by I will be writing more memories Like when we all went to Long Island and you jumped in the ocean and the tide went out You jumped up as fast as you jumped in we had so much fun that weekend....well I will think of more I LOVE YOU

“ Dear Ro & kids, So sorry for your loss. Skip was the sweetest and most the humble man. Kind to all and judgement of none. He'd be there in a moment if you needed his help. He had an awesome talent for fixing anything broken! we could all use this gift right now to heal our hearts. Ro I know that Skip and Wally are up there talking about you and me! this could be bad !! when they are done they'll go fishing and have the peace they so deserve. I love you Ro, your best friend forever, Linda

“ *My Dear Brother Skip, How do I continue this journey of life without you? I have so many memories that keep flooding my mind of us! I'm so happy to say they are all wonderful happy times! You were always there for me, so many times we talked and shared our feelings and you always made me feel like I really mattered and that everything would be ok. I'm so sad but so happy you are not suffering anymore. You fought the good fight, you got so tried I know, but now you are all new and dancing on the streets of gold in heaven Praising our Lord and Savior. I said I wish I could have seen who came to take your hand, was it Jesus himself, Dad or Mom or maybe Jack or Grandmom, whoever it was I know it was a joyous reunion. And I know that someday we will be together again. Did Jesus tell you that I say hello in my prayers everyday? I hope so! I love you so much. I am so proud of you and that you were go kind and giving a hand to anyone that needed it came so natural to you. You have inspired me to want to be a caring and giving person. I was so proud that all the people in your community loved you and saw the kind person that you always were. I remember the teasing, pulling my ears and such! But I just read a quote that said "Those who tease you, love you." Thanks for love me! but most of all "THANKFUL I SHALL ALWAYS BE, THAT THE LORD HAS MADE YOU BROTHER TO ME." I will never forget you and OUR Country Music lives on in my heart. Thank you Jesus for taking the wheel.....I love you Skip. Sister Dottie*

“ MY honey, I can't believe that you are gone. I know that, at last, you are out of pain. You have suffered so much over the years. Everyday, I could see it on your face, but you always tried to stay strong for my sake. We have made the journey together for 34 years. I don't know where the time went. I told someone that I thought that when you got to Heaven, you would tell The Lord that the mansion was too small and you started building extra rooms. All the kids and grandkids and family and friends miss you terribly. I will always keep your memory alive. I love you Skip. now and always. Please save a place for me.

“ We have known earl turner very well since he was a little boy hes known better to us as skip weve known him from childhood. he always was a good kid, and pleasant to be around. We always had many conversations with him growing up. He was jokie, laughable, and a very jolly person. He was an outdoors guy! If he could do anything for anybody he was always willing to help. He was a good carpenter and mechanic. I know hes a good christain and also i know hes with god and i know gods looking over the family. Everybody loved him i dont think he had a enemy. I always enjoyed being in his company. May the good Lord shine light on him always!
