“ Of the six of us, we were in the middle. Maybe that's why we stuck together. Sometimes I kept her out of trouble, most of the time she was keeping me out. I've been remembering the time that we drove through Spencerville in my old '56 Ford F-100. I was both arms out the driver's window waving at people while she steered at the bottom of the steering wheel. Then, of course, the die cast Greyhound bus incident. I scared the nickers off her at the Miller Place/Burke home, but she forgave me (a few days later) It's the way we were. I rejoiced when she found the love of her life and mourned when he left all too soon. There is a huge hole in my life now, but fortunately it is only temporary. See you later "Kiddo".

“ I will miss you terribly! You were not only my sister, but my first best friend, Matron of Honor and we shared so many memories! I love you and we will see each other again.

“ "Mom" Eco You're at peace and in no pain now. That fills my heart. But I ask you to bring that to your family now. Help them through this. To bring smiles of love. To remember you and not let it hurt. To listen for that little giggle in their hearts now that I thought was endearing. I send you prayers and love. To the Hilyard Family, especially Robert and Michele, I send peace and strength to go on.
