“ My dear Beth - for days I sit and think how to find the strength to say something heartfelt, witty, and /or special to us....then I think of the four years you not only found strength to fight the hard fight you were teaching all of us around you how to do the same !!!! You taught us through your strength it was ok to laugh together and it was ok to cry together. We walked through FB pictures together to keep us connected with others, we traveled to the beaches to find our inner strength , we talked of the future if our kids, our families and ourselves. As you held my hand and your pride became mine your strength became mine and most of all our love was shared! As you were ready to travel your final journey I feel so privelesged and blessed to have been able to spend part of that journey with you the girls, Sharon and mike. There is no place I would have rather been. As you looked up with a smile sent from God....I felt your warmth, and piece and remembered those words you so often said....it's ok... You will always be part of my heart !!! I love you forever !!!

“ There are no words that we can seem to find that will come close to describe what is felt as we celebrate your legacy! From high school together , to our weddings together and then our children ...and all those tributes along the way and still there are no words that describe how much you will be missed by us all!!! We will never say good bye...rather we will be together again some day... We love you forever and a piece of you will always live inside each if us!!! RIP our beth !!! Until we meet again...

“ Beth, was a source of inspiration and strength. While we may have lost a friend on earth, God has given us an awesome ANGEL. No more pain or tears, for the suffering is over. From now on we will be able to smile and laugh at all the memories created. Her girls and her family will find in their hearts, the same love and devotion Beth shared with us all. I will miss you and so will Boo, but we will always have our birthday to celebrate your life.

“ I was lucky enough to have grown up across from the Moore's and so got to play baseball games in the churchyard with them and Beth from 7-14. She was one of the best players we had. I remember her laugh. I see she now has two beautiful daughters who I send my best wishes to...I've always admired their Mom and I'm sure they're proud of her.

“ To Beth's family: The world has never known such kindness and beauty. And never before could I cry and laugh at the same time. Sadness because we all lost such a wonderful part of our lives and happiness because when I think of my dear friend, I smile. She means so much to so many people. She is Godmother to my son and "Aunt Beth" to all of my children. She is funny and kind and brilliant and cheerful. I see all of that in you, Briena and Katrina. Be proud of that and carry it with you always. We love you both and are proud of you beyond words. God Bless you all and carry you through this difficult time.
