“ You gave me life. You gave me the love only a mother could give a child for a lifetime. You picked me up when I was down. When you didn't pick me up, you made me get up on my own. You made me happy when I was sad. You fought for me and sometimes fought with me. You fed me when I was hungry. You gave me advice when I needed it, and sometimes even when I didn't ask for it. You were always there for me and from my heart you will sincerely be missed. One thing for certain is that you will always and forever be "MY MOM". Thanks for all the love, kindness, understanding, and memories. Rest in peace, I love you---Your Oldest Son, Norman

“ Mom After being such a huge part of my life for the past 45 years, your passing has left a tremendous void. Thank you for being such a wonderful grandmother to my children-teaching them the values of a close family, teaching them to be kind to each other and teaching them to be there for each other. Thank you for being such an awesome great-grandmother to my grandchildren. All three of them loved being around you, they loved how you fooled with them, listened to their every "stretched" story and giving them your undivided attention. They will always carry those memories with them. Rest in Peace now with Papa and Trish. I will miss you. My Love Always- your daughter-in-law Joanna Hallenbeck

“ Nana, I will miss you every day for the rest of my life. Grandmothers are special but you and Popa were so different. I cannot put into words what you and Popa meant to my life. I will be able to feel you and smell you for the rest of my life. Please tell Popa I miss him. Some of him was still here with you but now that is gone. I Love you Nana.
