“ *Richard, We were so sad to hear of Ellen's passing. We were such good friends while working at Leviton and stayed in touch after we left. I talked to her a few times after we moved to Florida and she told me you were looking to move here. But we just lost contact with each other. Ellen was such a good friend. I am sure you miss her very much. I don't know the circumstances of her passing but know that she is in a better place. You are in our thoughts and prayers and know how difficult it is for you right now and all those that are close to her. Love, Pat & Richard Wucik Palm Bay, FL*

“ Richard, I was very sad to hear about Ellen. I know that she was in a struggle for a long time and I am sure she fought as hard as possible through it all. It makes me happy that Kim and I got to go to Disney with the both of you and spend some time with her before her medical treatment began. I feel like we were all smiles and I know she was nervous for the future, but I really think she put most of her worry aside for all of us so that we could enjoy the time with her and it was a trip and a memory of Ellen that I will remember forever. I wish I could have visited Florida again and seen both of you more. I will always remember everything that the two of you did for me as my godparents. I know my mom, dad, and Bob appreciate everything you have done for me over the years, but I just want you to know that I will be forever grateful to you both. You guys were always there for my birthdays, Christmas's, and all the major holidays that families spend together. Jay and I have always considered you guys family, so again, I am deeply sorry for your loss and it is felt by all of us. If you ever need a change of scenery or need to get away, we will always have a place you can stay in Pennsylvania. Keep your head up Richard. We love you.
