“ *We were out of town and just found out about Dr. Sarfarazi's death. We are so sorry to hear such sad news. My husband and I were patients of her and admire her very much. She was not only a great doctor but a great human being. We feel so sad with such news. I saw her the last time at her new office after she performed eye lid surgery to me. She was so happy for me because she wanted me to look great for our youngest son's wedding. Our deepest sympathy to all her family. We are sure we have a new great Angel in Heaven. We thank God for giving us the gift of knowing such a great lady. God be with you all.*

“ Her warmth and concern made me feel I was her most important patient. Always had time to answer my questions. "Seeing" the 'eye-doc' will never be the same.

“ My husband, Allan, and I have been patients of Dr. Sarfarzi for a little over a year since moving here from the Chicago area. She replaced someone we thought was irreplaceable. Now there are two who are irreplaceable. Her kindness, sweetness and hugs were incomparable. When she released me after my eye surgery a few weeks ago, she said she considered me a friend...I certainly felt the same. She will be in our thoughts and prayers. To her family I want to say, remember her with a smile for she will no doubt be smiling on you.
