“Floyd was such a great influence on so.... many in the Horticulture industry. He will be greatly missed by all of us. I know I'll miss seeing his smiling face at Frontrunners chapter events, listening to his stories, and hearing his contagious laugh fill the room. Our thoughts and prayers are with you today and always. One of the many quotes that I love and have framed in my home is "The best things in life are the people we love, the places we've been, and the memories we've made along the way." Floyd was one of those shining stars that made the world a better place.
