“ Hi Frankie, We have been busy packing up & hope to move by the 15th Of Oct. How can three people pack so much into a 2 B/R apt. Beats me. Harvey hates to see us go but he understands though, he saw the difficult time I was having. I hate to leave the lake it's just so beautiful & I remember all the times you would just sit there & look at it. I will miss it as I miss you. Hope heaven gives you all the lakes you need. Remember How much I love you. God Bless you little brother. Pat & Tom

“ God saw you getting tired A cure was not to be. So he put his arms around you And whispered, "Come with Me." With tearful eyes we watched you And saw you fade away. Although we loved you dearly We could not make you stay. A golden heart stopped beating Your tender hands at rest. God took you home to prove to us He only takes the best.

“ Frank, Oh my gosh, I still can't believe that you're gone. Remember how we talked about how when a person dies their suffering ends, but for the persons left behind, the suffering begins? Well, that's just how I feel now. It's as bad as when I lost little Rocco. Maybe worse, because at least then I was in shock, and now I feel every bit of pain and sorrow. I will miss you always and forever. I will continue to pray for you each and every day. Your loving sister, Peggy

From a mischevious small boy to the man you had become. I'll always love you. Always in my heart & on my mind. Your big sister Pat

“ Hi Frank It's me again. Will the day ever come when I don't want to reach out to you? God how I miss you. Everyday it seems to get harder & harder. I see you everywhere, in the living room, kitchen, cooking, watching TV, there's so many station's Tom & I can't watch anymore without you. Well Frankie we need your help now baby. We need you to help ward off Hurricane Gustave & Hannah. They look pretty devastating. This apartment I know is almost underground but still it worries me being on the lake. So do what you can ok? Remember We love & miss you so much. Love your sister Pat

“ To my Uncle/Godfather. You were more like a good friend that I didn't see often enough. We got very close when we worked together at the Auction. I looked forward to working with you everyday. Your humor made the days fly by. I'll remember the good times and that last vacation in Ocala you came to visit Kathy and I. You loved the boat and we BBQ and had good time. I was so bummed when you weren't home when we brought the boat to your Lake. I wish so much you would have been there. Well, we love you and surely will miss you. You would be so proud of the day in your honor. The words were so heartfelt and your family loves you.
