“ I am so very sorry to learn of Gail's passing. As so many of us are nowadays, we were Twitter friends first and then Facebook. I remember when Gail was counting down the time to move to Florida. I am so happy so had time to enjoy her new home. She loved the sunshine and warmth that Ocala provided. I will miss her pictures of Gumball as that is who she was so proud of to call her baby. We had planned to meet face to face when I retired because I am from Ocala, but that was not meant to be. I will miss you Gail. You are in heaven and there is no pain. Bob, thank you for such a lovely wife to be friends with.
