“ This is a letter of condolence for our former General Manager: It is with profound sadness that the staff and work force of the Pride Bedding Factory offer our sincere condolences and prayers to the family of Mike Albala. Mike was a well respected and Kind hearted General Manager, and we all valued his council as well as his insights. It's times like this that make us realize that tomorrow truly is not promised to any of us. We will miss Mike's smile and his kind way of dealing with what sometimes proved to be difficult situations. We here at the Pride Bedding Factory would like you to know that our hearts go out to you during this, your time of sorrow and that we will keep you in our prayers.

“ When Keith Jones told me about Mike's death on Monday I was shocked. Not only was Mike a customer of mine he was my friend. We worked thru some good and bad times, good companies and bad ones as well. I never had an argument with him, we always looked for and found the right way to resolve any issue. Mike used to call me the best patternmaker he ever knew but I knew better ones. I'll really miss his sense of humor and his sense of patience. We go thru life and meet a lot of people but there are only a few special ones and Mike was one of the best. I'll miss our conversations and thanks for all the good memories. Rest in peace
