“ When I was still in the early part of my career, I had lots of opportunities to work with George. He taught me things (Not the least of which was his strong work ethic) that I remember to this day. We spent lots of time together on the job as well as off of it. I am very saddened by his passing and our family's hopes and prayers go out to his family. You will be remembered by many who you have touched George...God Bless!

“ It is with regret I write this note about the passing of a wonderful guy and fellow elevator man. Although I never personally worked with George. I knew he was a respected man in our field. He and his kind are the last of the old school elevator men and those who never got the chance to work with a real service man have little idea of the knowledge they possessed. Our deepest sympathys.
