“ Jerry was a dear next door neighbor who gave of his time and help when we were in need. We have so many fond fond memories - too many to list, e.g., neighborly chats, playing cards, listening to him play the organ just to name a few. We will so miss him, but we know his suffering is over. May he Rest In Peace and Peace be with his dear wife, Patsy, who has tirelessly with compassion and love cared for him during this difficult time.
