Godfrey will be dearly missed. As a child I remember him coming to visit us. No matter how short his time in Jamaica was he made sure to visit Dada's family in Rollington Town. When I came to live in America and introduced him to my husband and son, he welcomed us with such warmth and made us feel like he just saw us yesterday. He always expressed his love for the Lord in all our conversations. Wish I had visited more. He will be surely missed.
