“ Skip exemplified the "good man". Our lives are truly richer for knowing him. Skip had faith in God, he loved his family and friends, and he tried diligently to do the right thing, an example for all of us. We will remember his keenly developed sense of humor, both quirky and original, that often had us laughing and shaking our heads. He will be missed.

“ A great and gentle man!. I watched him work together with Dorie in court, helping to guide the many children and families in strife to a better place. We are all in a better place because we knew Skip. (Fellow Guardian)

“ Skip had a quiet gentle manner but could get his point across without ever raising his voice or changing his facial expression. He touched many lives and will be a part of many peoples lives, children and adults alike.

“ Remembering you in our thoughts and prayers and being so grateful for the blessing of having Skip in our life. Skip left his mark on our hearts with his gentle mannerism, quiet smile, and loving twinkle in his eyes. He was a man of few words, but effected change through the examples set forth by the principles that guided his life. God Bless You. Love and Prayers
