“ My heart goes out to Mike, Lorraine and the rest of the family. I know it's hard for them right now. Last April I was fortunate enough to get to see Hazel for a week. She was a remarkable lady. I'll never forget the look in her eyes when Lorraine took Jessica, Cadence, and I to see her. It was the look like when a little gets a big present. We all miss you up here in New York Grandma Bagley.....and of course love and Miss you Mike and Lorraine.

“ I just wanted to say that i was so lucky to get to go down last April. I loved Florida. Thats when we saw grandma in the hospital but she did get better. She finally got to meet my daugther Cadence and she loved her. I wish we could of stayed longer but we couldnt. One of my memories was when I was a little girl grandma hated wasted food. I rememeber she made me sit at the table and ate my cereal until it was gone even if it was soggy, which i hate soggy cereal now. But grandma was very very stubborn which i wonder where Lorraine gets it from...lol..I will remember all those times when grandma and grandpa would come up and camp out in the camper in the back of the trailer in new york.. I hope grandma is happier now being with grandpa up in heaven..We miss you sooooo much grandma and grandpa!! With lots of love from your granddaughter and great granddaughter!! <3 <3 <3

“ My mama was such a remarkable woman. She taught us that a positive attitude will take you a long way, smiles will make you and others happy, there is no such word as can't, work hard for what you want, never give up, and many more life lessons to become a contributing citizen in our society. I praise God that she is now in His house with my daddy by her side. She missed him so... With all my love and devotion, I praise you mama and daddy for being such wonderful parents. I would not be the person I am today without your guidance. I love you both and miss you tons. One day, I will see you in Heaven. Until then, please take good care of each other. Much love, Dortha

“ Many years ago when I was little my mother was taking care of Rose and Dortha so I was daddy's girl. It was always "helpa me dad." Then I went out on my own and it was Mom that I talked to all the time and could get close to. We then had a really good relationship. The last 2 1/2 years I got the privalege to get to live in Florida and be close to both my parents. I would not have been able to do this if it was not for moving to Florida. Mom and Dad I love and miss you so much. Your loving daughter. Lorraine

“ My Mother is the strength of my life and the heart of my soul. I am nothing without her. I have been a success in life only by the direction and the encouragement I have had from my momma. Mom is the most amazing woman you would ever meet, with her strong smile, wit, humor, and her ability to figure out any person after talking to them after a few minutes. She had a heart of gold and loved everyone. She had a can do attitude and instilled this in each of her children. She was my mentor, hero, best friend, and someone I loved with all of my heart ans soul. There is a empty void and spot that will always be there now Mom has departed from me, but I know her suffering is now done and she is at peace with Daddy. May God Bless you both I love you both and miss you. Rosie
