“ *On day my 4 year old daughter rolled off the sofa and hit the corner of the coffee table and cut her head. I was so sure she needed to go to the hospital for stitches. I was so scarred. Max only lived a short distance down the road from us. My oldest daughter went down and told Max what had happened. He came up to the house and butterflyed the cut and assured my daughter she would be just fine. Max was a very kind and caring person, someone you could always depend on to lend a helping hand or a shoulder to lean on. Max had a voice that was very calming. He could always make you feel better by just talking to you regardless of what the circumstances might be. These are just a few memories i have of Max. Max will be missed far more than words could ever express by everyone who knew him and especially his family. My heart felt sympathy and love goes out to the family and i will keep you all in my thoughts and prayers.*
