“ *On behalf of the Orford family I wish to express our deep sadness at the death of our Uncle Hyaline who has always been a part of our lives. We will miss him deeply but will cherish the many memories we have of him entertaining us as he played his piano; being an active Ham radio communication specialist reaching out to his colleagues and friends over the air waves; and listening to him talk about his travels to countries all over the world. We will also miss his kind and gentle way of making sure we had enough to eat; and his great sense of humor.*
