“ *Man Dad! I miss you so very much! No one will ever be able to fill the spot you will forever hold in my heart. I don't believe that anyone will ever love me or be as proud of me or understand me the way that you did. I'm so grateful for the time we had together and the relationship and bond that we shared. There is a part of me that will miss you every single day until I see you again in Heaven. Love always, Kathleen*

Kathleen Barratt - October 21, 2010 at 12:00 AM

“ *You were more than an uncle. You were a friend of mine. My best friend for a time. We have so many memories together. Things that I will never share with anyone else. I am so grateful for every one of them. No one can take that away from us and I wouldn't trade them for anything or change a single one. I love you, man.*

“ I will never forget his sense of humor, his voice, & his smile! He was there often when I was growing up. I adored him because he was always making me laugh and wanting to get to know me even though I was an annoying whatever year old, lol. He taught me how to play "Lean on Me" on the piano...as long with teaching me the gift of a sarcasism, and the power of having a good sense of humor.. I will miss him, but it helps to know that he is walking along side of Jesus.. Love You, Jammie Lynn.
