“ *My husband and I knew Maggie for about 10 years. Our paths would cross while we were all shopping for collectibles. Maggie was direct and honest. She was tough and strong in all the good ways. It's easy to remember her laughter and her kind eyes. She will not be forgotten. I wish we had known her even better. God Bless you. We are very sorry for your loss.*

“ Having Maggie and Bill as my next door neighbors for the past 25 years has been a true blessing. I recall a very hot summer day in 1989 when I first met Maggie. I was hand-digging the footing for our new home and she, having never met me before, brought me a great big glass of sweet iced tea and said, "It looks like you might need this." That is the Maggie that I remember; a very kind and caring lady. We will all miss her very much. Don and Roberta Turpin

“ I've only known Maggie for a few years but I am very lucky to have met her. Maggie made me feel as part of the family the first time I met her. We love you Maggie and will miss you greatly... it just won't be the same without you here.

“ I have so many memories of my mother, Maggie. She had a tenacious spirit, the kind of woman that nothing would put her down. She wasn't afraid to let her voice be heard. She was a seven year breast cancer survivor, she fought, kicked the cancers butt and won. She had a warm heart and a kind soul. She loved her family, especially her grandkids. She loved her friends. Mom had a real talent for making jewelry, sewing and was real crafty. If there was one thing she had a knack for, that's finding good deals, either at the Goodwill or any thrift shop and garage sales. She knew how to make people laugh and she was a jokester. She will be missed by a lot of people who loved her and knew her as a friend, but she will never be forgotten. She will live in our hearts forever.

“ I'd just like to say that I'm so sorry for what happened and for your loss. I never knew Maggie personally, but she sounded like an amazing, strong woman. She went through so much, but she's in a better place now, and she can't feel the pain she felt before.
