“ *My favorite memory of dad was the year we won the track championship in the four cylinders at Bronson speedway. He was so proud and happy that night and couldn't stop grinning. I love and miss you dad, keep your foot to the floor and stay with the best of them.*

“ *Dear Susan and Kids, I know what a terrible time this is for all of you. My heart breaks that you have to go through this during this time of the year. Its a sad time to lose someone you have loved for many years. I loved John very much and always knew you two were a match made in Heaven. You have like everyone had your ups and downs but the good always wins . John is safe and is right now up there looking down on us and holding our places til we can all be together again. He loved his family so much and was very close to his Mom Jeanene. She has had alot to deal with losing her husband in March and now her beloved son. I will be here for you and always have been. I love you my dear sister more then words can say. Please find peace in the fact John is in no more pain or suffering. And he waits for each of us to join him one day. To Susheela and Justin I pray for you to have understanding in this sad time of your lives.*
