“ John and Joanne have been friends of ours since we moved to FI in 2006. They were friends of Judies Dad and Bonnie when they lived in Saddle oak club on 200. When Judie and I moved down we were invite into their friendship and have been all these years. Judie and I would host a Christmas holiday party every year all the friends from Saddle Oaks would travel to Williston 30 miles up dirt roads and down. But they always came. John would always wonder up to the Tiki Bar and order and say I'll have what I had last year. Which was always a pinacolda. When John told us about sickness he told us after 20 years he didn't think he would make this years party. Even tho John isn't going to make it he will surely be remembered and missed.
