“ If someone from the family will contact me at ktouchton@mac.com I will past along to you the letters I received from Steve while he was in Vietnam. One of the letters came to me after he was transferred to Japan for surgery and rehab.He tells the full story of the battle where he was wounded and details about losing good friends. Met Steve in 1965 at HDA and I have many memories of our days as roommates at HDA, Jacksonville University and Tennessee Temple College. The day we wrecked his GTO was the day he decided to leave college and join the Marine's after a long late night discussion. We spend our later years comparing our cancer treatments and remembering great adventures we had as young strong men. I will miss the calls and texts but know we will meet again, his soul is filling the heavens with humor and his laugh is turning the heads of the angels. Farewell brother, love you! Hope you enjoy the photos I have uploaded...

“ Steve was like a brother to me. Always had a smile to share and a big hardy laugh that was contagious. We worked together several times over the years selling automobiles. Went to gator games, cooked out and even built a tiki hut. He was always willing to help a friend in any way that he could. I am going to miss my good friend, but I will see him again! Rest in peace my old friend.
