“ Another angel claims his wings far to early. I remember the small young man you once were and remember watching you grow. Which was beautiful you were always an amazing person. My thoughts and prayers are with his family may they stay strong by eachothers side. Wish I was closer. We love you all as you have been family to my family. May Johathan rest in peace and sore on the wings of angels forevermore.

“ Jonathan, My life has forever changed with you being gone. I retell so many stories we shared as kids and remember moments we shared together so fondly. I feel like I truly did grow up with you, and losing you suddenly feels so unreal. I remember those weekends we went to Chuck E Cheese with Abuelo, those countless hours playing video games at their house there with you, just being absolute fools with you and David were some of my favorite memories I have growing up. Some of the funniest things I remember you saying were the whole "Dont call me DOKEY" or "You aren't my cousin anymore!" when you got all pissed at me as a kid lmao. I plan on getting a little tattoo of that jet you drew that one afternoon that when I asked what it did, you simply told me in the most serious voice "it flies." and we laughed forever, years to follow, over that. I can't thank you enough for bringing me so much joy, and the feeling of true family love when you came out here to help me in CA to get my bearings again after that hard period in life for me. Your kindness knew no bounds. I love you so much dude, you made such an impact in my life and so many others. Until we meet again

“ To my nephew Jonathan, You left us far too soon. This just does not seem real. I still remember what a shy little baby you were. I cannot believe it has been 27 years since you were crawling around your Grandparents' living room floor. We will all miss you Jonathan. You were loved. I hope you knew that. May you rest in peace and no longer know any pain. Love, Tio Albert.

“ I was shocked to hear the news of you passing away. You are my favorite person to help me solve my problems when I called into West. You are so talented and was always had a great attitude even if it was the millionth time fixing it for me. You are missed already by your clients, my heart aches for your family and friends. To his family and friends, Im sorry for the loss of Jay.
