“ *Our thoughts and prayers are with you and your beautiful family. The right words escape me in the knowledge that this bright light has passed away and I pray that you will be comforted by the loving presence of God, your family, and your community. I will reach out by phone this week...I still remember his spirit when he was a toddler chasing 15/16 year old me around! I adored him....love to his beautiful family...Karen, Bill, Aunt Car, William, Wynn and their families...*
