

Judith M Sciandra

December 9, 1949 - September 9, 2024

Judith Sciandra, 74, of Ocala, FL, passed away peacefully on 9 September 2024 surrounded by her loved ones. Judi possessed an infectious smile and an engaging and fun personality that made her a favorite in her community. If those qualities did not endear her immediately, her other love and constant companion, Zoey, was her ace-in-the-hole. She loved her friends and family and filled her home with warmth and kindness. She was a consummate entertainer; frequently hosting birthday parties and game nights for her friends and neighbors.

Judi dedicated her life in retirement to helping others. She worked tirelessly as a Guardian ad Litem and donated her time and services to Hospice of Marion County.

Judi is survived by her two children, Anthony, and wife Amy; and Kristina and husband Rick. Judi also had two granddaughters, Amanda and Emersyn, who are the center of her universe.

In lieu of flowers, please make a donation to Hospice of Marion County.

“ She was one of a kind as they say the mold was broken after this one.
Something precious that just cannot be replaced. I still don't understand
how such a petite individual could possess such a LARGE LARGE heart.
To vibrant and young to be taken from us so quickly. She had an infectious
smile which would light up her eyes then her face to then transform an
entire room all ways dressed to the nines. She would never hesitate to
help anyone in need. You left a big void in all our lives and hearts.
Rest in peace my love.

Judi was as sweet as can be. Always offering a helpful hand with a cheerful heart and love for everyone. Sadly, she is truly missed and we all lost her way too soon.

Judi was among the most exceptional, talented, and wonderful people I have ever known. She was known for her strong will, unwavering determination, and love and support for her family, community, and gigantic circle of friends. Upon my first meeting with Judi, I sensed her power, intelligence, and passion for the world. Judi never missed the opportunity to make everyone's day with a cake or celebration for their birthday. In terms of energy, Judi's was energy from direct current to gamma rays! Our world will never be the same without Judi!
