“ Over a decade through the fur kids.....I miss your positive spin and your corny jokes. I am brokenhearted because I miss you, but joyous that you have no physical constraints to bind you. I was lucky to call you friend. Ivan and I will carry your passion forward. A grand hug!

“ June, To you I give all my love,always I knew the first time you held me in your arms, that we would be together, forever. After more than 33 years together, I will love and miss you forever. Our times were good and there were a few not so much, but no matter what crazy things we tried to do,we did so together. Ther was always laughter and sometimes tears,but all-in-all they were the most wonderful years,the last three were best because I got to spend every day every hour with you. I loved your spirit and your drive,the attitude that we could do anything, I also loved compassion,. generosity and your willingness to forgive. They say everyone gets their moment in the sun,it just seems to me that our moment was over in an instant and way too soon. When I had to leave you, you said you waited with anticipation of my return, my love I ask that you wait for me one more time, for I wil be there to join you soon Love Mikey
