“ *Kathy was my oldest, dearest and truest friend. We shared much laughter, and tears. She was so talented, smart and beautiful. She loved flowers, all of God's creations, her family especially. She stood by me through some truly hard times, something only a really true friend would do. I'll remember all the fun times we shared, her generosity. I'll miss her always. Our terrible loss, heaven's gain. Love you Kathy.*

Nana is in the forefront of my strongest childhood memories. I couldn't wait to see her and didn't want to leave. She led with kindness, a soft voice, and gentle teachings. She saw beauty in all the little things, never losing her sense of wonder. Never missed pointing out an interesting bug, a pretty leaf, sparkles in a pebble, a shape in the clouds. And I see her in all of it. She was magic with a poet's heart and an artist's soul. She was the best Nana a granddaughter could ask for and I'm thankful for the time I shared with her. I'm thankful for the years we had. Time stands still, until it speeds up and everything changes all at once. I am that little girl again, falling asleep in her lap as her fingers danced across my face. To the family, my heart is with you. To my Papa, there are no words to express how much I love you and no words to steal your pain. You are in my thoughts, and I'll be seeing you soon.

“ I will always feel especially blessed to have had all the private times with my mum. She taught and shared so much with me. Everything from gardening, sewing, art, canning, and crafts. Too many to mention. But most of all it her joy of riding Rollercoaster that was so awesome. Mom sure knew how to have crazy kid-like fun

“ Aunt Kathy, the joy you brought to our lives has been a blessing. Please accept my deepest condolences to you over the loss of your mother, grandmother, and wife. I offer you my heartfelt support in this difficult time. Throughout my life, I remember fondly our visits to your house watching her beautiful gardens grow, paintings of horses, raising rabbits, and riding the dizzying whirlybird in the back yard. My favorite was her love for bees and showing all the kids how to remove the honey from the hive. She was the sweetest of mothers and aunts. Although she told me a story recently as to how my mom (Maureen) her only sibling was in the hospital birthing one of the kids and asked Kathy to take care of six of us. It was a night she never forgot in that we all came down with a virus. I think that was the last time she sat for us.

May peace be with you.

Love,

Susie (George) Kelley
